OBJECTIVE Seeking cooperative education experience in Software Engineering

AVAILABLE Fall 2018

EDUCATION

Rochester Institute of Technology, 3.37/4.00, Dean's List

Expected Graduation May 2021

B.S. Software Engineering

Rochester, New York

TECHNICAL SKILLS

Java, C, JavaScript, React, Redux, HTML/CSS, Python, Ruby, Git, Vim, Intelli J, PyCharm, Slack

RELEVANT EXPERIENCE

Grade Calculator

Summer 2017—Present

- Students should be aware of their current and projected GPA.
- I wanted to challenge myself while learning something new.
- Created a single-page web app using React and Redux.
- Allows user to decompose a grade into pieces of other graded items.
- Each grade item has a customizable weight, points, and can be marked as graded or expected.
- This helped progress my knowledge of JavaScript and has streamlined a method to calculate my GPA.
- Tools Used: JavaScript, React, Redux, HTML/CSS, Git, Atom IDE

HealthNet

January 2017—May 2017

- Doctors and Administration in a hospital needed a computerized system to manage patients and information.
- Web-based multi-paged application with user login.
- User is able to schedule, view, and modify appointments between a doctor and patient based on permissions.
- Doctors are able to give prescriptions and release test results to the patient.
- Creation and viewing of log items generated by actions done by the system.
- I worked on a team of 5 and produced 2 releases as well as giving a technical and non-technical presentation.
- Tools used: Django, Python, SQLite, PyCharm, SVN, Slack, Trello

PROFESSIONAL EXPERIENCE

Secretary & Mentor, Society of Software Engineers (SSE)

Academic Year 2017/2018

Rochester Institute of Technology

Rochester, New York

- Record meeting minutes, keep society informed of important information.
- Prepare weekly agenda for officers meeting and sideshow for general meetings.
- Hold mentoring hours throughout the week, and give guidance to underclassmen on homework and projects.
- Run 2 hour review sessions with practice questions for introductory courses before exams.

Stage Technician
